

impacts) are all consistent with the provisions of the management program. In developing findings, the person shall give appropriate weight to the various provisions within the management program in accordance with the guidance provided in § 930.58(a)(4).

(c) At the request of the person, interested parties who have access to information required by paragraphs (a) and (b)(1) of this section may provide the State agency with all or part of the material required. Furthermore, upon request by the person, the State agency shall provide assistance for developing the assessment and findings required by paragraphs (b) (2) and (3) of this section.

(d) When satisfied that adequate protection against public disclosure exists, persons should provide the State agency with confidential and proprietary information which the State agency maintains is necessary to make a reasoned decision on the consistency of the proposed activities. State agency requests for such information must be related to the necessity of having such information to assess adequately the coastal zone effects of the proposed activities.

**§ 930.78 Commencement of State agency review; public notice.**

(a) State agency review of the person's consistency certification begins at the time the State agency receives a copy of the OCS plan, consistency certification, and required necessary data and information. A State agency request for information and data in addition to that required by § 930.77 shall not extend the date of commencement of State agency review.

(b) Following receipt of the material described in paragraph (a) of this section, the State agency shall ensure timely public notice of the proposed activities in accordance with the directives within §§ 930.61 through 930.62.

**§ 930.79 State agency concurrence or objection.**

(a) At the earliest practicable time, the State agency shall notify the person, the Secretary of the Interior or designee and the Assistant Administrator of its concurrence with or objection to the consistency certification.

State agencies should restrict the period of public notice, receipt of comments, hearing proceedings and final decision-making to the minimum time necessary to inform the public, obtain sufficient comment, and develop a reasonable decision on the matter. If the State agency has not issued a decision within three months following commencement of State agency review, it shall notify the person, the Secretary of the Interior or designee and the Assistant Administrator of the status of review and the basis for further delay in issuing a final decision. Notice shall be in written form and postmarked no later than three months following the State agency's receipt of the certification and supporting information. Concurrence by the State agency shall be conclusively presumed if the notification required by this subparagraph is not provided.

(b) Concurrence by the State agency shall be conclusively presumed in the absence of a State agency objection to the consistency certification within six months following commencement of State agency review.

(c) If the State agency objects to one or more of the Federal license or permit activities described in detail in the OCS plan, it must provide a separate discussion for each objection in accordance with the directives within § 930.64 (b) and (d). The objection shall also include a statement informing the person of a right of appeal to the Secretary on the grounds described in subpart H.

**§ 930.80 Effect of State agency concurrence.**

(a) If the State agency issues a concurrence or is conclusively presumed to concur with the person's consistency certification, the person will not be required to submit additional consistency certifications and supporting information for State agency review at the time Federal applications are actually filed for the Federal licenses and permits to which such concurrence applies.

(b) Unless the State agency indicates otherwise, copies of Federal license and permit applications for activities described in detail in an OCS plan which has received State agency concurrence shall be sent by the person to the State

agency to allow the State agency to monitor the activities. Confidential and proprietary material within such applications may be deleted.

**§ 930.81 Federal permitting agency responsibility.**

Following receipt of a State agency objection to a consistency certification related to Federal license or permit activities described in detail in an OCS plan, the Federal agency shall not issue any of such licenses or permits except as provided in subpart H of this part.

**§ 930.82 Multiple permit review.**

(a) A person submitting a consistency certification for Federal license or permit activities described in detail in an OCS plan is strongly encouraged to work with other Federal agencies in an effort to include, for consolidated State agency review, consistency certifications and supporting data and information applicable to OCS-related Federal license and permit activities affecting the coastal zone which are not required to be described in detail in OCS plans but which are subjected to State agency consistency review (e.g., Corps of Engineer permits for the placement of structures on the OCS and for dredging and the transportation of dredged material, Environmental Protection Agency air and water quality permits for offshore operations and onshore support and processing facilities, etc.). In the event the person does not consolidate such OCS-related permit activities with the State agency's review of the OCS plan, such activities will remain subject to individual State agency review under the requirements of subpart D of this part.

(b) A State agency objection to one or more of the OCS-related Federal license or permit activities submitted for consolidated review shall not prevent the person from receiving Federal agency approval (1) for those OCS-related license or permit activities found by the State agency to be consistent with the management program, and (2) for the license and permit activities described in detail in the OCS plan provided the State agency concurs with the consistency certification for such

plan. Similarly, a State agency objection to the consistency certification for an OCS plan shall not prevent the person from receiving Federal agency approval for those OCS-related license or permit activities determined by the State agency to be consistent with the management program.

**§ 930.83 Amended or new OCS plans.**

If the State agency objects to the person's OCS plan consistency certification, and if, pursuant to Subpart H, the Secretary does not determine that each of the objected to Federal license or permit activities described in detail in such plan is consistent with the objectives or purposes of the Act, or is necessary in the interest of national security, the person shall submit an amended or new plan to the Secretary of the Interior or designee and to the State agency along with a consistency certification and data and information necessary to support the new consistency determination. The data and information shall specifically describe modifications made to the original OCS plan, and the manner in which such modifications will ensure that all of the proposed Federal license or permit activities described in detail in the amended or new plan will be conducted in a manner consistent with the State's management program.

**§ 930.84 Review of amended or new OCS plans; public notice.**

(a) After receipt of a copy of the amended or new OCS plan, consistency certification, and accompanying data and information, State agency review shall begin.

(b) Following receipt of the material described in paragraph (a) of this section, the State agency shall ensure timely public notice of the proposed activities in accordance with the directives within §§ 930.61 through 930.62.

(c) The State agency shall concur with or object to the person's consistency certification in accordance with the directives within § 930.79, except that the applicable time period for purposes of concurrence by conclusive presumption shall be three months instead of six months.

(d) If the State agency issues a concurrence or is conclusively presumed to
